

# Haunted Fairgrounds Drive-Thru Trick or Treat

Join us in this fun community event!! This event is completely free. We are looking for community members and businesses who would like to create a goodie give-away booth or decorative- only Spooky Zone. We even have an option for a Super Scary area for older children.

**Event** : October 31, 2020 5-8pm in livestock barn and arena areas of the Tri- County Fairgrounds

**Setup** may begin on Friday, October 30, 2020 at 8am, all props must be removed by Sunday, November 1, 2020 by 3pm. If you are planning on using an EZ Up or similar cover, it must be properly weighted with 20lbs per leg. All booths must provide their own goodies to give away.

The Inyo County Public Health Office is supporting this event only if the following guidelines are followed:

**-Prepacked goodies only**

**-All vendors and volunteers must wear masks**

**-Only two persons per booth per side will be allowed, unless they are a prop (you may choose to have both sides of the roadway for your booth, or share with another vendor)**

Booths will be set up to allow two vehicles to pull up at a time. Inyo County has been a great support, please follow their guidelines.

We need vending booths in order to make this a successful event for our community children. Help us give them something fun to look forward to and enjoy!

There is a free family friendly movie at the end of the route for the first 300 vehicles who register, however, our booth vendors can park a vehicle there and attend after the Trick or Treat event is over. If you are interested in entering a Trick or Treat Booth, Super Scary Booth or just a Spooky Zone, please contact the Fairgrounds at (760)873-3588 by October 26, 2020 to reserve your space and fill out your waiver. All booths must have waivers signed to participate.
